Re: Plant Health Care

Please be advised that SavAtree is scheduled to perform Plant Health Care (PHC) treatments on the dates listed below. **Please mark your calendar accordingly.** All work performed by our PHC specialists is in compliance with the regulations as outlined by the Department of Environmental Conservation (DEC) and the Environmental Protection Agency (EPA).

As a precautionary measure, we recommend that you remove or cover all personal items on the landscape, move vehicles out to the street and close all windows prior to the scheduled treatment date listed below.

Additionally, to avoid over spray on your cars, all vehicles in parking area "D" (South Highland Ave), must be removed by 8:00am. When the spray application is completed, you may return your vehicle to your parking area.

If you should have any questions concerning our Plant Health Care Program or would like to receive further information on the products or ingredients that are used, please contact; Joe G. at 941-6208 or SavAtree at 914-402-4521 ext. 102.

Treatment

Date

Arbor Patrol Scout 7

August 20, 2018

Note: In the event of inclement weather or other unforeseen circumstances, scheduled treatments will be performed on the Friday of the same week. If inclement weather persists, you will be notified of an alternate date.

Thank You

Joe Giampietro

Facilities Manager
