**Re: Missing Items**

It has been reported to the Board of Directors that 2 window air conditioners are missing from the storage room in building # 19 next to the Maintenance Office.

One of the air conditioners belongs to High Meadow and the other to a

Shareholder. They were both in boxes and labeled. Both air conditioners were

Kenmore. If you have any information about these a/c units please notify

Charles Munnilal (914-403-0775), our managing agent or Joe Giampietro (914-941-6208).

Please return them and no questions asked.

Thank You,

The Board of Directors
