Re: Electric Statement and Plumbing Reminders

Dear Shareholders and Families,

Maintenance and electrical bills

Due to issues related to Covid-19 and Stillman's changes in operation your maintenance bills will be mailed from a different office. As a result, the electric bill breakdown will not be included in the envelope (although the amount due for electricity will still be reflected on the maintenance bill as usual). Should you need the separate electric bill, please email Lynn Blum, Stillman Management (lblum@stillmanmanagement.com)

Don't flush these materials

This is a reminder in light of recent circumstances and the limited supply of toilet paper on store shelves. We urge residents to think twice before flushing other materials down their commodes.

That goes for paper towels, tissues, napkins and the bane of many sewer systems, supposedly flushable wipes. They are not flushable, and they are not biodegradable. They wreak havoc in our system. ... Please don't flush those down the toilet.

Thank you for your cooperation during this difficult time.

Your Board of Directors
