

**HIGH MEADOW COOPERATIVE NO. 1, INC.
c/o Stillman Management Realty Corp
440 Mamaroneck Ave.
Harrison, NY 10528**

SPECIAL LANDSCAPING NOTICE – April, 2021

As previously announced High Meadow has a new landscaper, BrightView. They have been on the property for past week doing the Spring cleanup.

If you have a **personal** garden, you are responsible for maintaining it. You should notify the Maintenance Staff by either leaving a note in the mailbox outside the maintenance office (behind 98 CC) or, send an email to hmmaintslip@gmail.com. **No verbal requests will be considered.**

A small sign will be posted in your garden that says Do Not Service. The Shareholder must maintain the approved personal garden in its entirety. Weeding, watering and pest control will be the sole responsibility of the Shareholder. If you do not submit a request, the Landscapers will resume maintaining the gardens as they do the rest of the common grounds and will not be responsible for any items in personal gardens.

If a Shareholder fails to maintain an approved garden, the Cooperative will withdraw the rights to a personal garden and resume landscaping responsibility of the area.

As a reminder, lawn ornaments are prohibited. All empty flower pots should be removed or they will be discarded.

Thanking you in advance,

The Board of Directors
