Date: April 19, 2021

Subj: Landscaping Services

Please be advised that BrightView Landscaping will commence their regular landscape maintenance on Thursday, April 22, and will be on-site every Thursday, weather permitting.

We are advising all residents parked in Lot (D) on S.H. Avenue to remove your vehicle from your spot on Thursday, April 22, 2021 by 8:00 AM, to allow the crews access to weed the Arborvitae hedge and blow the parking lots accordingly.

There will be noise associated with their services such as backpack blowers, lawnmowers, etc., and possibly a generation of light dust. This is unavoidable when performing work of this nature.

The landscapers will make their best effort to avoid as much disruption as possible.

Thank you

Joe Giampietro

Facilities Manager
