Re: Tree Pruning

Please be advised that Savatree is scheduled to perform safety pruning of various trees throughout our development. Weather permitting, the pruning will start on **Friday, November 17,** and will continue over several business days until completion.

While Savatree will make its best attempt to protect the shareholders, we ask that you please use extreme caution when walking or driving near active tree pruning areas. Avoid the work areas whenever possible. Please do not distract the workers as this may accidentally put you and them in a dangerous situation.

Refer all safety questions to our Grounds and Maintenance Dept. at 914-941-6208 or our managing agent, Jenna Guiliano at 914- 725-3600 ext 107.

In the event of inclement weather and or unforeseen circumstances, scheduled pruning will be performed on the next business day.

Thank You

Joe Giampietro

Facilities Manager
